

Meet **Deborah DeNicola**, M.F.A., nationally acclaimed author of six books, memoirist, poet, adjunct college professor and dream worker.

Do you know how wise your unconscious is?

Deborah DeNicola, Jungian-oriented dream worker, trained for four years by the analyst and author Robert Bosnak, in a specific, interactive technique to help mine your nocturnal dream for advice and information you didn't know you knew.

She will take you on an embodied journey, help you to understand without intellectual analysis, emotionally move you through your dream images to explore your psyche visually and verbally with Active Imagination, integrate right and left brain knowledge and assist you to grow in compassion for yourself and others.

Deborah's memoir, *The Future That Brought Her Here; Memoir of a Call to Awaken*, reached number #1 in Psychology and Social Science on Amazon. Com. Her story of a unique awakening is fraught with significant twists and turns. The book she edited, *Orpheus & Company*, from The University Press of New England, has been adopted as a text for many writing programs. Deborah contributed to *Allow Your Spirit To Soar* published by AYSTS, an anthology of personal stories about overcoming obstacles is a book that teaches "The Allow System" whereby wounded spirits can heal themselves.
